

## Copilot

Sure, I'd be happy to help!

### (1) Description of the Bug(s) and Required Fixes:

- **Bug:** The condition `N % i != 0` is incorrect because it checks if `i` is not a divisor of `N`.
- **Fix:** Change the condition to `N % i == 0` to check if `i` is a divisor of `N`.

### (2) Concise Hint:

Check the condition that verifies if `i` is a divisor of `N`.

Good luck with your debugging! If you need more help, feel free to ask.
